About Me

Hello! I'm Jordy Apriyanto, I am a passionate and detail-oriented Fresh Graduate in Informatics Engineering from Tarumanagara University (2024). I specialize in Frontend Development and have hands-on experience in building web and mobile applications using HTML, CSS, Javascript, Flutter, and Python. I enjoy the process of creating digital products that are responsive, visually appealing, and user-friendly. I believe that technology has the power to solve various real-world challenges. Currently, I am seeking career opportunities where I can grow alongside.

Education

Tarumanagara University (2021-2024)

Bachelor's Degree in Informatics Engineering – GPA 3.58
